Summary

I am Patrick Mooney, a Front-End Web Developer with three years of professional experience. I have built and maintained websites for cities, football stadiums, conference centers, and music venues all across the United States. On the side, I run a website called Arcade Schoolhouse (www.arcadeschoolhouse.com), which provides Latin teachers the software and resources to make teaching Latin fun and efficient.

I am passionate about writing clean, efficient code and crafting amazing, user-friendly experiences.

Work Experience

Developer / Creator of Arcade Schoolhouse (www.arcadeschoolhouse.com)

May 11, 2024 to Present

- Solo developed website-based software to save Latin teachers dozens of hours a week of prep-work and class-time.
- Created a teacher resource and answer-key generator powered using the rules of Latin grammar.
- Created as a NextJS project integrated with Stripe for billing and payments processing, MongoDB for data storage, NextAuth for user-authentication, and Vercel for hosting and analytics.
- Created a library of free resources for use in the classroom to make lessons more fun and engaging.

Front-End Web Developer at Simpleview Inc. (www.simpleviewinc.com)

June 6, 2022 to March 13, 2025

- Worked on the front-end code for hundreds of tourism websites, including music venues, convention centers, NFL stadiums, and major cities.
- Helped build a new product for venues and conference centers, now used by nearly 50 destinations worldwide.
- Translated dozens of Figma designs into fully functional, responsive web pages in collaboration with design teams.
- Coded from scratch dozens of widgets used by our internal CMS.
- Co-developed the front-end of the entire Holland, Michigan tourism website as part of a three-person team.
- Developed all the widgets for Temple, Texas's blog page redesign from Figma designs.
- Built *I Love New York's* interactive Ski & Snowboarding Map.

Latin Teacher at BASIS Prescott K-12 school

July 2016 to June 2022

- Taught Latin and History to over a hundred students each year.
- Started and led a Web Development Club (2021) which taught the fundamentals to over a dozen students.
- Led a major week-long group project every year for the school's annual Project Week.

Graduate Research / Teaching Assistant at the University of Tennessee, Knoxville

August 2014 to May 2016

- Assisted the History Department's faculty with research projects, teaching, and grading.

Front Desk Agent - Resort Hotel Employee at Beaver Creek Ski Resort, Colorado

December 2013 to July 2014

- Assisted visitors to the hotel, handled check-in/check-out of guests, answered phones, handled night-audit paperwork
